

## **HEALTH & SAFETY PROTOCOL FOR COVID-19 CONCERNS**

By closely monitoring Chicago and the State of Illinois' status regarding COVID-19, we will be taking additional precautions to ensure that your health and that the health our staff will not be compromised. Our intention is to remain proactive and implement all preventative strategies as advised or mandated by governmental agencies.

Our protocols include (but are not limited to)

- Around the clock sanitation of equipment and food surfaces
- Mandated use of gloves at all times
- Mandated use of face coverings
- Mandating CDC handwashing protocol for all staff on a frequent and ongoing basis
- Prohibiting sick staff in the workplace
- Ensuring the person in charge of foodservice is a certified food safety manager
- Management supervision of all staff procedures in relation to sanitation and cleanliness
- Making hand sanitizer available to our customers
- Including utensils in container.

We understand and hold the importance of a safe workplace as a core value. We will continue to stay informed and implement any and all procedures as advised by the CDC and state agencies.

Thank you for your continued support of our businesses!
